

23RD ANNUAL PRODUCTION SALE
MONDAY, MARCH 11, 2019

1:00 p.m. • at the ranch
one mile west of Kimball, SD
QCCR-Mr-Cowboy-Up-274

Cattlemen,

Welcome to our 23rd annual bull sale. We have not chased extremes. Instead we strive to produce more pounds in the length, depth and width of cattle. Soundness, disposition, udder quality and longevity are important to us.

This year's offering consists of yearling bulls, 18-month olds and 2 coming two-year olds. The spring born calves have had no creep feed.

We will have two virgin coming two year old ET calves out our 1198 cow. Also there will be thirteen yearling ET calves out of 2227 and 1198 - a couple of our best cows. The calves are sired by HA Cowboy UP, MAR Innovation and S Foundation.

I believe that if you take care of the cow she will take care of everything else. We are trying to produce a female that is feminine, structurally sound, has a good disposition and a good udder. Our cows are not perfect; when there is a problem we remove them from the herd.

The bulls have been developed so that they will separate themselves genetically. We have not fed them so hard that they all look good.

The bulls will be semen checked in April by Dr Jay Alberda. They will be vaccinated with Preg-guard 9, anthrax, foot rot, and poured. We will freeze brand and deliver the bulls. If your bull does not pass the semen test you will have the option of another bull, refund of all your money or credit.

There are no season long guarantees on these bulls. However, we are reasonable people. If you have a problem, please contact us. We have some younger bulls we have kept back for this reason.

Thanks again to all of our customers, friends and family. We really appreciate your faith in our herd and trust in us.

The Marvin Kroupa Family

Due to timing issues with the blood work on the donors, you will see many sons out of these cows without Registration numbers and actual EPD's. We should have them by sale day.

We have supplied Parent Average EPD's on some of the bulls to help you evaluate and compare them.

Please give us a call if you have any questions.
