Welcome

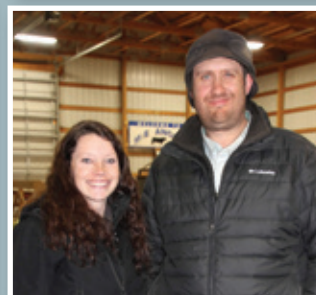

to our 29th Annual
Production Sale,

While it may be our 29th bull sale, we're operating in year 143 in Brule County, South Dakota. The 6th generation of Kroupa kids are currently being taught the inner workings of the ranch life. The cow families to many of these bulls have been in Brule County since the 1950s and 60s. For 143 years we've had the same philosophy, slow and steady, stay the course, don't chase fads or extremes.

When it comes to the cattle, structural integrity, fleshing ability, mothering ability, carcass merit, longevity and disposition are important to us. As we look for new herd sires, we focus on bulls that do the most things right, we believe in breeding good to good, so the pendulum doesn't swing too far.

Thank You for your interest in our cattle, visitors always welcome.

The Kroupa Family

HEIFER PAIRS

We are offering 40 heifer pairs with M & E Angus sired calves by side. They were born in a 2 week period starting around March 1, and are sired by M & E Angus bulls. Heifers have been on a complete vaccination and mineral program and the calves were all given Inforce 3 at birth.

For logistic reasons we will only have a sample of the pairs on site sale day.

Please call Michael to view heifer pairs prior to the sale. Videos will also be taken of the pairs. Winning bidder must take 10 heifer pairs with option to take up to all 40.

We understand that not everyone may have a place to go with the pairs right away, for buyers convenience we are willing to help you get the pairs closer to green grass and keep them till May. Contact Michael for details.

Big framed good doing cows behind this bull. 50k results put this bull in top 10% for WW & YW.

We have a wide variety of entities here at the Kroupa Ranch, bull sale, registered and commercial cow herds, replacement heifer development, backgrounding calves and feeding fat cattle. We raise corn, beans, milo, wheat, oats, alfalfa and grass hay. We also do commercial pheasant hunting. All these entities are intertwined and give us the best opportunity to utilize the land in an efficient and effective way.

M & E Angus is a branch of the Kroupa ranch that was established in 1882. Currently the 4th, 5th, and 6th generations are active at the ranch. Our ranch started with a commercial base Hereford cow herd and transitioned to raising both commercial and registered Angus cow herds over the years

We flushed 1025, look for more of her progeny on the 2026 sale.

M&E BLACKCAP 1025

We bought this farm during the energy crisis in the early 1980s.
My Grandmother Marie Kroupa, thought that we could all (five families)
move in and live under one roof. Never happened.
As a young boy I remember saying to Grandpa Otto, "you own all of this".
His remark, "No Marvin, I just get to use it."

A fragile generation - my grandparents (born in 1904 and 1909).
Thank you both for your wisdom and kindness.

~Marvin
